

## Robert C. Byrd Scholarship

The U.S. Department of Education directed Nevada Department of Education to notify schools and new applicants of the elimination of the 2011-12 Robert C. Byrd Honors Scholarship Program. The Byrd Scholarship Program has not been funded as a result of recent budget cuts made by the United States Congress. Therefore, since there will be no funding available, no scholarships will be awarded this year.

Nevada Department of Education is waiting for guidance from U.S. Department of Education on how to proceed with students who are current recipients of the Robert C. Byrd Program. Updates will be provided as soon as they are available.
