

Nevada State Performance Plan Annual Performance Report

Douglas County School District Performance Indicator Data – 2009-2010 (May 2011)

The Individuals with Disabilities Education Act (IDEA 2004) requires states to develop and submit a State Performance Plan (SPP) to the Office of Special Education Programs (OSEP) at the U.S. Department of Education. The SPP is designed to evaluate the state's efforts to implement the requirements and purposes of IDEA and describe how the state will improve its implementation. The plan consists of several priority areas with specific indicators defined for each area. Measurable and rigorous targets are defined for each indicator to show progress throughout the period of the SPP. For school year 2009-2010, states are required to report publicly on the performance of school districts for SPP indicators 1, 2, 3, 4a, 5, 7, 8, 9, 10, 11, and 12. The table below shows how this school district performed on specific indicators and whether or not the district met the state's annual targets for those indicators as defined in the Nevada State Performance Plan.

11.	Percent of children with parental consent to evaluate, who were evaluated and eligibility determined within state-established timeline of 45 school days. (NA=district was not selected for monitoring during 2009-2010)	100%	NA	NA

State Performance Indicator		2009-2010 State Target	2009-2010 District Data	Did District Meet State Target?
12.	Percent of children referred by Part C prior to age 3, who are found eligible for Part B, and who have an IEP developed and implemented by their third birthdays. (NA= district was not selected for monitoring during 2009-2010)	100%	NA	NA
13.	Percent of youth aged 16 and above with an IEP that includes various required components for transition from secondary school to reasonably enable the student to meet the post-secondary goals.	Baseline data are currently being collected. Indicator 13 data will be reported in future years.		
14.	Percent of youth who had IEPs, are no longer in secondary school and who have been enrolled in higher education within one year of leaving high school; enrolled in higher education or competitively employed within one year of leaving high school; or enrolled in higher education or in some other postsecondary education or training program, or competitively employed or in some other employment within one year of leaving high school.	Baseline data are currently being collected. Indicator 14 data will be reported in future years.		

Determination Under IDEA for 2009-2010

In accordance with federal requirements under the Individuals with Disabilities Education Act (IDEA), the Nevada Department of Education (NDE) is required to make an annual determination of each school district's status in implementing the purposes and requirements of Part B of the IDEA. This annual determination is based upon a review of each district's data against the state targets established for performance and compliance indicators under the Nevada State Performance Plan. "Performance" indicators for school year 2009-2010 include Indicators 1, 2, 3, 4a, 5, 7, and 8. "Compliance" indicators for school year 2009-2010 include Indicators 9, 10, 11, and 12, as well as correction of noncompliance identified during the previous year reported as state-level data under Indicator 15.

School districts that were determined to "meet requirements" (a) reported accurate and timely data, (b) demonstrated substantial compliance for Indicators 9, 10, 11, and 12 (as applicable) at a 95-100% rate, and (c) demonstrated correction of noncompliance identified during the previous year at a 95-100% rate.

School districts that were determined to "need assistance" (a) did not report accurate and/or timely data but took action to correct data systems; (b) demonstrated substantial compliance for Indicators 9, 10, 11, and 12 (as applicable) at a 75-94% rate; (c) demonstrated correction of noncompliance identified during the previous year at a 95-100% rate; and (d) met a target for at least one performance indicator.

Based on these criteria, the Douglas County School District determination for 2009-2010 is: **Meets Requirements.**
