

Welcome to

Eureka County School District

Proud of Our Past... Teaching for the Future

State Board of Education

October 8, 2020

Instructional Delivery

- ▶ In-person Learning
- ▶ Distance education - through school district
- ▶ Home School - private option

Social Emotional Support

- ▶ Northeastern Nevada Regional Professional Development Program Staff Training
 - ▶ Social-emotional learning
 - ▶ Distance Education

Assembly Bill 3 Funds

Eureka County School District will use AB 3 funds to restock necessary personal protective equipment (PPE) and cleaning supplies

Distance Education

- ▶ Eureka County School District has a lot of work in order to be prepared for full distance learning
- ▶ We are in the process of implementing Canvas for the 7th -12th grades
- ▶ We have concerns about the capacity of our local broadband internet access and are hoping our COVID-19 transmission risk indicators remain low in order to maintain in-person learning

Challenges

- ▶ Additional time and staff requirements in order to safely bring students back on campus
- ▶ Transportation - additional routes
- ▶ Lunch Service - additional lunch times
- ▶ Additional fiscal costs of operating throughout COVID 19
- ▶ Providing equitable services for students learning from a distance
- ▶ Quarantine procedures for staff and students

Highlights

- ▶ The staff and community of Eureka County have been exceptional throughout this reopening process
- ▶ We were able to make many adjustments in order to remain below the capacity for each classroom and revise our schedules to ensure adequate social distancing for all students
- ▶ We have had an overwhelmingly positive response from parents and community members about the opening of our school year
