**MEMORANDUM**

**TO:** Felicia Ortiz, President  
Nevada State Board of Education

**FROM:** Heidi Haartz, Deputy Superintendent for Student Investment

**DATE:** September 30, 2022

**SUBJECT:** Report to the State Board of Education: Class Size Reduction Variances and Justifications, 3<sup>rd</sup> Quarter Fiscal Year 2022 (January 1, 2022 – March 30, 2022)

---

**Introduction**

Nevada Revised Statute (NRS) 388.700 outlines requirements intended for the reduction of student to teacher ratios for kindergarten through third grade through the development of annual Class Size Reduction (CSR) plans developed at the district level, and various quarterly, annual, and biennial reporting requirements; charter schools are excluded from these requirements. The Nevada Department of Education (NDE) submits a report on a quarterly basis to the Nevada State Board of Education (State Board) summarizing CSR efforts and the quarterly variance requests for approval. Per NRS 388.700(5), the State Board must then submit a report to the Interim Finance Committee on each variance requested by a school district, by school and justification.

With the implementation of the Pupil-Centered Funding Plan, funds previously identified for CSR were rolled into the statewide base per-pupil funding amount, which allows districts flexibility in the allocation of funding to meet the needs of their students and school communities.

There are two types of CSR plans and ratios in use for the 2021-2023 biennium: regular and alternative. School districts are required to report on a quarterly basis the average daily enrollment of pupils and the number of licensed teachers designated to teach on a full-time basis in classes where core curriculum is taught, broken down by school, grade level, and classroom configuration. Per NRS 388.700, only licensed personnel teaching core curriculum classes may be counted for the class size ratio calculation; teachers of art, music, physical education, special education, librarians, and specialists may not be included for calculation purposes.

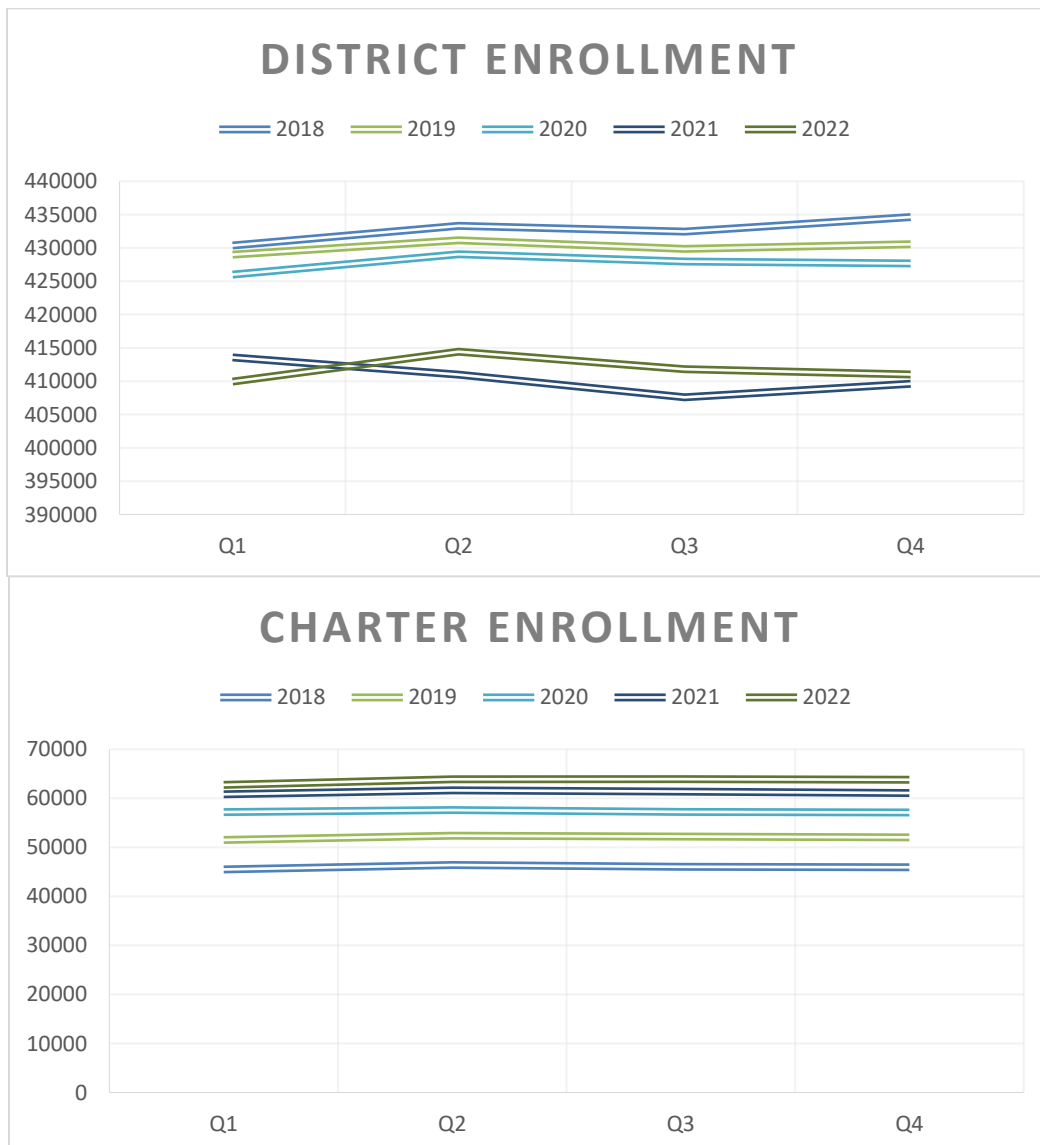

Each school that exceeds their target pupil-teacher ratio must request a variance for the next quarter of the school year, which the Nevada State Board of Education may approve for good cause. Good cause may include, but is not limited to, facility limitations, difficulty hiring, or funding limitations. Each variance must include the justification for the variance and a plan of action specific to that school to reduce the class size ratio, per Assembly Bill 204 (2019).

Class size ratios under the regular and alternative plan are as follows:

Regular Plan			
<i>As prescribed in NRS 388.700(1)</i>			
Kindergarten	First Grade	Second Grade	Third Grade
<b>16:1</b>	<b>16:1</b>	<b>16:1</b>	<b>18:1</b>
Alternative Plan			
<i>As prescribed in NRS 388.720(2)</i>			
<i>Available for counties with populations less than 100,000</i>			
<i>Fifth-sixth grades within elementary schools only</i>			
Kindergarten	First-Third Grades	Fourth Grade	Fifth-Sixth Grades
<b>16:1</b>	<b>22:1</b>	<b>25:1</b>	<b>25:1</b>

### Enrollment

According to the Fiscal Year 2022 (FY22) quarter three (Q3) average daily enrollment (ADE) report, enrollment decreased by 2,591 total students for a total enrollment across all grade levels of 475,701 students. Of this enrollment, approximately 29%, or 138,926 students, are in grades Kindergarten through third.

More specifically, Q3 district enrollment for K-3 was 117,506 students per Q3 ADE reporting (an increase in total students), with 117,125 students reported in the Q3 CSR report. Based on Q3 ADE reporting and the Q3 CSR educator count of 5,848 district K-3 teachers (a decrease of 114 teachers from Q2), there was an average statewide district class size ratio of 20:1 in district K-3 classrooms, an increase of 0.3 due to the decrease in teachers.

Districts on alternative plans also submit enrollment and educator counts for grades 4-6, however, only if those grades are within an elementary school. Because this data is not statewide, nor inclusive of all grades 4-6 within a given district, the averages may not be meaningful reflections of ratios or the barriers to target ratios across the state. Per the Q3 ADE report, total enrollment for grades 4-6 is 108,067 students. District enrollment for those grades is 91,372 students. Within the Q3 CSR report, 8,505 students were reported for grades 4-6, along with 384 educators, for an average class size ratio of 22:1.

### Variance Requests

In Q3 of FY22, there were a total of 940 variance requests, with the largest number of variances for Kindergarten.

Of the 383 reporting elementary schools, 349 requested one or more variances – approximately 91% of all reporting elementary schools across Nevada. 86% of all reporting schools were requesting Kindergarten variances – approximately 95% of all schools requesting variances. Additionally, 43%, or 163 of the reporting elementary schools have a 1- or 2-star rating (an additional 21 are unrated), of which 151 have variance requests – 93% of all 1- and 2-star schools, and 39% of all elementary schools statewide. 93% of 1- and 2-star schools with a variance request include a variance for Kindergarten.

Count of Variances by Grade								
District	1	2	3	4	5	6	K	Total
Carson	1	1	1	0	0	0	6	9
Churchill	0	0	0	0	0	0	1	1
Clark	154	167	137	0	0	0	217	675
Douglas	2	2	2	1	3	0	7	17
Elko	0	4	5	1	3	0	10	23
Eureka	0	0	0	0	0	0	1	1
Humboldt	1	2	0	1	1	0	3	8
Lander	0	0	0	0	0	0	1	1
Lincoln	2	2	1	0	0	0	3	8
Lyon	3	2	5	3	1	2	9	25
Mineral	1	1	1	0	0	0	1	4
Nye	0	3	1	3	5	0	6	18
Pershing	1	0	0	0	0	0	2	3
Storey	0	0	0	0	0	0	1	1
Washoe	29	28	26	0	0	0	61	144
White Pine	0	0	0	0	0	0	2	2
<b>Grand Total</b>	194	212	179	9	13	2	331	940

The greatest increase in variance requests was in Kindergarten by 7 variances, then fourth grade by 1. Fifth and sixth grades remained stable, while first, second, and third grade variance requests declined in Q3, despite the loss of 37 third-grade educators. Notably, third grade variances shrunk by 29% in Q3.

275 of the reporting elementary schools, or 72%, have a free-and-reduced-price lunch (FRL) percentage of 50% or greater. Of those schools, 99% have variance requests – equivalent to 71% of all elementary schools. 45%, or 171 of the reporting elementary schools have an English learner (EL) population of 15% or more; 170 of these schools have at least one variance request.

Variances by the Numbers			
91% of elementary schools requested a variance	39% of elementary schools have a 1- or 2-star rating and requested a variance	71% of elementary schools have an FRL percentage of 50% or greater and requested a variance	44% of elementary schools have an EL population of 15% or more and requested a variance

Districts may report one or more reasons for their variance request including: facility limitations, difficulty hiring, funding limitations, or other. 98% of all variance requests cited funding limitations, most often describing insufficient funds to build classrooms, hire competitively, and/or generally expand programs, linking closely with cited issues of difficulty hiring and facility limitations. 97% of variance requests cited difficulty hiring, reflective of the increase in teacher shortages due to retirement, attrition, and decreases in recruitment and retention. 77% of variance justification cited facility limitations, which typically reflect a lack of space to provide physical classrooms. The single case of “other cause” cited unexpected enrollment growth.

**Class Size Ratios**

In FY22 Q3, 13 districts exceeded the target class size ratio for one or more grades at the district level and required district variances. All of those requests included Kindergarten. Additionally, districts submitted four requests for first grade, four requests for second grade, and two requests for third grade.

District Average Class Size Ratios

Statewide calculations for average class size ratios are difficult to assess, as differing target ratios, population densities, and reporting schools within the data set create distinct contexts that may not be encapsulated in a single number. Since districts are required to report for all K-3 classrooms, average statewide class size ratios were calculated for grades Kindergarten through third using a weighted average based on the representative district’s population per the FY22 Q3 ADE report.

Weighted Statewide Average Class Ratios			
K	1	2	3
20.76	18.59	19.16	21.12

In alignment with reporting requirements under AB 266 (2021) that board of trustees determine the number of job vacancies based on the number of licensed teachers needed to achieve the recommended ratios of pupils per licensed teacher. This report includes information related to the total number of students by grade and district that exceed the recommended ratio, along with an estimate of the number of additional classrooms needed to meet the recommended ratio. Addressing classrooms acknowledges that 77% of schools reported physical limitations for class size reduction. This data is reported below at the statewide level, with district specific data reported in each section within the table “CSR Ratio Surplus.”

### Carson City School District

Carson City School District (Carson City SD) implemented an alternative class size reduction program for FY22. Carson City SD requested variances for each of its elementary schools; every school requested a variance for Kindergarten, with the highest ratio being 23:1 and the lowest 19:1. A variance was requested for grades one and two at Bordewich Bray Elementary and third grade at Empire Elementary for a ratio of 24:1. Carson City SD cited facility limitations – no room to place classrooms – and difficulty recruiting and retaining teachers under their variance justifications.

### District Overview

Carson City SD	K	1	2	3	4	5
Highest class size ratio	23.00	23.00	24.00	24.00	25.00	22.00
Lowest class size ratio	19.00	18.00	20.00	17.00	20.00	19.00
Average class size ratio	<b>21.00</b>	<b>20.33</b>	<b>21.33</b>	<b>20.17</b>	<b>21.67</b>	<b>20.50</b>

### CSR Ratio Surplus

Grade	K	1	2	3	4	5	6	Grand Total
Students	125	0	0	0	0	0	0	125
Classrooms	8	0	0	0	0	0	0	~8

### Churchill County School District

Churchill County School District (Churchill CSD) implemented an alternative class size reduction program for FY22. Churchill CSD requested both a district and school-level variance for Kindergarten. Due to the smaller size of Churchill CSD, Kindergarten is only offered at one school: Lahontan Elementary School (ES). At Lahontan ES, Churchill CSD cited facilities limitations and difficulty hiring.

### CSR Ratio Surplus

Grade	K	1	2	3	4	5	6	Grand Total

### Clark County School District

Clark County School District (CCSD) implemented a regular class size reduction program for FY22. CCSD, as the fifth largest school district in the nation and the largest school district in Nevada, represents 61% of the state's public K-3 population and reported 232 elementary schools. CCSD requested 675 variances across 226 schools – 97% – representing 72% of all variance requests. CCSD has 167 schools with a K-2 ratio at 21 or more (5 students over the target ratio); 38 schools with a ratio at 26 or more (10 students over the target ratio); and 4 schools with a ratio at 30 or more (14 students over the target ratio). Similarly, they have 90 schools with a third-grade ratio of 23 or more (5 students over the target ratio) and 18 schools with a third-grade ratio of 28 or more (10 students over the target ratio). CCSD cited funding limitations, facility limitations, and difficulty hiring under their variance justifications.

### District Overview

### Douglas County School District

Douglas County School District (Douglas CSD) implemented an alternative class size reduction program for FY22. Douglas CSD requested 17 variances across all seven of its schools, including variance requests for all of its Kindergarten classrooms and a handful of first, second, third, fourth, and fifth grade classrooms. Douglas CSD cited funding limitations for all of its variances. While Q2 saw class size ratios of 31-33:1, Douglas successfully brought those ratios down significantly in Q3.

### District Overview

Douglas CSD	K	1	2	3	4	5	6
Highest class size ratio	25.00	23.00	25.00	24.00	29.00	35.00	2.00

### Esmeralda County School District

Esmeralda County School District (Esmeralda CSD) is among the smallest by population, and notably has no variance requests or students in excess of the ratio. Their largest class size ratio across grades K-6 is 14:1, and their smallest 4:1.

#### Detail by School

### Humboldt County School District

Humboldt County School District (Humboldt CSD) implemented an alternative class size reduction program in FY22. Humboldt requested eight variances in total: three for Kindergarten, with additional variances for first, second, fourth, and fifth. Humboldt CSD cited funding limitations at Grass Valley, Paradise Valley, Winnemucca Grammar, and Sonoma Heights, and cited difficulty hiring at French Ford.

#### District Overview

Humboldt CSD	K	1	2	3	4	5	6

### Lincoln County School District

Lincoln County School District implemented a regular class size reduction program in FY22. Lincoln CSD requested eight variances, one Kindergarten variance for each elementary school, as well as first and second grades at Panaca Elementary and Pioche Elementary, with an additional third grade variance at Pioche. Lincoln CSD cited funding and facilities limitations as well as difficulty hiring for all schools and grades. It is important to note that Pioche Elementary has a single combined classroom for grades 1-4, and Caliente Elementary has a single combined classroom for grades 5-6. When a single teacher is in the combined classroom, the student to teacher ratio is calculated in percentages to reflect what the equivalent ratio would be in a single classroom. For example, there are 20 students in the combined grade 5-6 Caliente classroom; because there is one instructor dividing time between 12 fifth grade students and 9 sixth grade students, the ratio is calculated at 24:1 for fifth grade and 18:1 in sixth.

### District Overview

Lincoln CSD	K	1	2	3

### Lyon County School District

Lyon County School District (Lyon CSD) implemented an alternative class size reduction program for FY22. Lyon CSD requested 23 variances across all of its elementary schools, which included all Kindergarten classrooms. Lyon CSD cited funding and facilities limitations and hiring difficulties for all 23 variances.

### District Overview

Lyon CSD	K	1	2	3	4	5	6
Highest class size ratio	26.00	25.00	25.00	26.00	27.00	29.00	32.00

### Mineral County School District

Mineral County School District (Mineral CSD) implemented an alternative class size reduction program for FY22. Mineral CSD requested one variance for Kindergarten at Hawthorne Elementary, citing facility limitations and difficulty hiring, and three variances at Schurz Elementary in grades first through third, citing difficulty hiring.

### CSR Ratio Surplus

### Nye County School District

Nye County School District (Nye CSD) is the largest rural district in Nevada, and the third largest rural district in the country. Nye CSD implemented an alternative class size reduction program for FY22 and requested 18 variances across 7 schools, primarily in Kindergarten, second, fourth, and fifth grades. They cited funding limitations and hiring difficulties for all of their variances, as well as facilities limitations at Floyd and JG Johnson Elementary. Nye has combined classrooms in four of its schools: Amargosa, Beatty, Duckwater, and Gabbs.

### District Overview

### Pershing County School District

Pershing County School District (Pershing CSD) implemented a regular class size reduction program for FY22. While Pershing is only required to report on K-3 under a regular CSR plan, they elected to report on grades 4-6 as housed within their elementary schools. Pershing CSD requested three variances across Kindergarten and first grade, citing funding limitations. Please note that Imlay is a combined K-5 classroom.

### Washoe County School District

Washoe County School District (WCSD) implemented a regular class size reduction program for FY22. WCSD represents the second largest school district in Nevada by population, making up 13% of all K-3 students. WCSD requested 144 variances – 15% – with 61 variances in Kindergarten (94% of elementary schools), and 29, 29, and 26 in first, second, and third grades respectively.

WCSD has 30 schools with a K-2 ratio at 21 or more (5 students over the target ratio) – approximately 46% of schools – and only one school with a K-2 ratio at 26 or more (10 students over the target ratio). Noneschools have a third-grade ratio of 23 or more (5 students over the target ratio). WCSD cited funding limitations and hiring difficulties on all of their variances.

### White Pine County School District

White Pine County School District (White Pine CSD) implemented an alternative class size reduction program for FY22. White Pine CSD requested two Kindergarten variances, with ratios of 20:1 and 19:1 respectively. White Pine CSD cited funding limitations and difficulty hiring for both variances.

### District Overview

White Pine CSD	K	1	2	3	4	5	6
Highest class size ratio	20.00	16.00	21.00	21.00	21.00	20.00	17.00
Lowest class size ratio	15.00	15.00	19.00	15.00	10.00	16.00	17.00
Average class size ratio	18.00	15.67	20.33	17.75	16.75	18.00	17.00

### CSR Ratio Surplus

## **Conclusion**

The average Kindergarten classroom has 5 students more than the target ratio, with 88% of first, second, and third grade classrooms with 3 students over the ratio on average. While districts consistently cite difficulties hiring and funding limitations, rural districts (in addition to CCSD) were most likely to cite facility limitations.
