## Part I – Application Requirements and Guidelines

### A. Introduction and Background

The purpose of the **Strengthening Career and Technical Education for the 21st Century Act** (aka, Perkins V) is to develop more fully the academic knowledge and technical and employability skills of secondary education students and postsecondary education students who elect to enroll in career and technical education (CTE) programs and programs of study.

#### Eligible Applicants

- Public **secondary and postsecondary** local education agencies (LEAs) offering recognized Nevada CTE programs of study;
- Public charter schools that offered and had enrollment in a recognized Nevada CTE program of study in FY23; and
- These recognized agencies that submitted an FY23 Comprehensive Local Needs Assessment Guide (CLNA).

#### Goals and Priorities

Grants will be awarded to improve access and opportunities for historically underserved populations and special populations to high skill, high wage, and/or in demand programs. Priority will be given to applications which focus on the following areas:

- a. Improving performance on Federal Perkins Performance Indicators;
- b. Closing equity gaps;
- c. Support for students representing Special Populations\* in Career and Technical Student Organizations (CTSOs). (Nevada recognized CTOS: DECA, FBLA, FCCLA, FFA, HOSA and SkillsUSA.)
- d. Increasing access to/availability of Dual Credit attainment;
- e. Increasing access to Work-based Learning; and,
- f. Increasing Industry Recognized Credential Achievement.

#### Funding Information

- Perkins Reserve Competitive Funding of \$659,430.57 **is available for eligible secondary and postsecondary recipients, including eligible SPCSA (State Public Charter School Authority) charter schools.**
- Applicants may submit one application for an amount up to \$250,000.
- Subrecipient (or group of subrecipients in the case of a collaborative application) are eligible to receive up to \$250,000.
- All eligible applicants may submit applications however, priority will be given to applicants that were not funded in the first round of this FY24 Perkins Reserve Competitive grant application submission.

#### Participation and Evaluation

##### *Participation Requirements*

The purpose and priorities of this grant are described in the Goals and Priorities section above.

Nevada Department of Education (NDE or the Department) encourages districts/charter schools, postsecondary, and other entities to collaborate to remove barriers for students. Applications that are collaborative will be given priority. Applications that are not clearly collaborative (in that no partner agencies, offices, districts/charter schools, industry partners, etc. are clearly identified) will be considered last for funding.

Collaborations may include, but are not limited to:

- Those between districts or charter schools with other districts or charter schools
- District/charter schools and postsecondary institutions
- Those with industry and/or community partners
- CTE offices and offices that serve students who are members of one or more special populations\*

NDE Office of Career Readiness, Adult Learning, and Education Options (CRALEO) reserves the right to return applications and/or suggest revisions if opportunities for collaboration are not readily apparent in the applications (e.g., if multiple districts/charter schools apply for funds asking to work on substantially related topics with the same partner or vice versa). It is the applicant’s responsibility to clearly show how their application demonstrates collaboration.

Applications must have a single program lead/fiscal agent who is part of an eligible organization as stated above under the Eligible Applicants section. Applications should have a sustainability plan to ensure improvement to access and opportunities for historically underserved populations and special populations to high skill, high wage, and/or in demand programs.

***Reporting Requirements***

Any recipient must meet the reporting requirements for the State determined level of performance under the Perkins V, sec. 112. The LEA must establish and describe in their applications the methods that will be utilized to report and evaluate progress of CTE programs funded under this application.

Awarded applicants are required to submit:

- Quarterly Program Reports
- Annual Narrative Reports
- Monthly Requests for Reimbursement
- Final Financial Reports

***Monitoring and Evaluation Requirements***

Financial subrecipient monitoring is conducted by the Office of Division Compliance on an annual basis related to the financial management and systems of the subrecipient. Additional information related to this monitoring is available in the *NDE Financial-Based Risk Assessment Manual*. This monitoring is determined by the Pre-Award Assessment conducted during the application process for the grant. Additionally, the sub-recipient will undergo a programmatic monitoring evaluation on a regular basis.
