Middle Schools – Hybrid Model – AAVBB * (Mon. Tues. Cohort A; Wed. Virtual Day;
Thurs. Fri. Cohort B)

We provide transportation for a large number of students in the Elko/Spring Creek area. Due to the limitations as a result of mandatory restrictions, we must layer and alternate bus runs in order to accommodate physical distancing while facilitating the hybrid models at the elementary and middle school levels. Therefore, the two middle schools will have a one-week delay in the return to school buildings in order to work through logistics with transportation.

High Schools – Hybrid Model – AVBVC * (Mon. Cohort A; Tues. Thurs. Virtual Days;
Wed. Cohort B; Fri. Cohort C)

Start Date: Monday, January 4, 2021

* V = Virtual Day

Elko High School and Spring Creek High Schools are still in discussions with their community stakeholders. I will send an update should the model and/or timing be modified due to the work of the committees.
